SH100 FABRIZIO

WINE TEMPERATURE SENSOR

Available Colors:

It's more enjoyable to drink wine at the optimum temperature, so use this elegant Fabrizio temperature sensor, to ensure you make a good bottle of wine, a great experience. The flexible strap fits a variety of bottle shapes and sizes and the LCD display indicates the temperature in Celsius. Deboss your logo discreetly on the strap, or take advantage of the optional full coverage deboss area to extend the branding area of your message on the full length of the strap.
