

ADDI

T256 ADDI WIRELESS SPEAKER / WIRELESS CHARGER

One wireless device, two key functions! This rubberized aluminum Addi is both a wireless speaker and a wireless charging dock with built-in NTC & FOD technology. Wirelessly charge the speaker, remove Addi from the charging pad and listen to your favorite tunes while your smartphone effortlessly charges by simply sitting on the charging pad. (Wireless charging dock is compatible with phones equipped with wireless charging technology only.)
