# G1275 NAOMIE

## BALLPOINT PEN

Available Colors:

Naomie is a light up pen with an illuminated white backdrop to proudly show off your logo and a colored light on the grip to match the barrel color. The light activator on the plunger allows you to either brilliantly display your logo lit or subtly showcase it with the light switched off - the choice is yours. Laser engrave your message on the plastic barrel with SureWrite™ low lead refill and your branding will be illuminated by an inner white light.
