LASER TOUCH

TAKE ADVANTAGE OF OUR LASER TOUCH TECHNOLOGY TO OFFER ANOTHER DIMENSION TO BRANDING USING VARIABLE DATA. ACKNOWLEDGE EVERYONE BY HIS OR HER OWN NAME, INDIVIDUALIZE BRANCHES OF A COMPANY WITH THEIR OWN INFORMATION OR ENGRAVE VARIOUS MESSAGES FOR DIFFERENT DEPARTMENT EVENTS.

HOT STAMPING ON JOURNALS

When it's time to bring a little bling to your campaign, think about adding the gleam of foil!!!

With a selection of foil colors to choose from, (some in either a matte or shiny finish) and decorating areas ranging all the way to full coverage, the choice is yours to go with your logo vibrantly contrasting your journal cover or choosing a matching foil to lend a more refined tone-on-tone shine.

FULL-COVERAGE DEBOSSED

Understated and elegant doesn't mean boring! Take advantage of a tone-on-tone, or contrast debossed effect, imagine your debossed logo covering the cover!

FULL-COVERAGE 4-COLOR PROCESS

Think bold. Think color. Think personalization. Brighten up your brand and increase the impact of your message with 4-color process imprints of logos, messages and patterns. The sky's the limit!

Need a larger decorating surface? Don't limit your image to a small branding area. Give us your 4-color process logos and we will "cover the cover" of your journal with half tones, gradients, photos and challenging registrations.

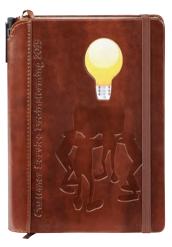

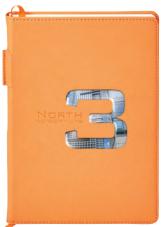

FULL-COVERAGE DEBOSSED + INDENTED DOME

Not only will your debossed logo make a statement covering the enlarged decorating area, but a key part of your message will become the colorful focal point when the 4-color process dome fits precisely into the recessed portion of your debossed artwork.
